The screenshot shows the ScienceDirect search results page for 'lung cancer'. The search bar contains 'lung cancer' and the search button is visible. Below the search bar, there are options for 'Advanced search' and 'Download selected articles'. The results are sorted by 'relevance | date' and show 681,061 results. The first result is a research article titled 'Chemotherapy versus best supportive care in advanced lung cancer and idiopathic interstitial pneumonias: A retrospective multi-centre cohort study'. The article is available in PDF format, and there is a 'View PDF' button. A red box highlights the 'View PDF' button and a text box explains that clicking it allows for full-text viewing. Another red box highlights the 'Get PDF using prepaid balance' button and a text box explains that this option is used for PPV (Prepaid View) to access the full text, and that downloading is not possible on this screen.

The screenshot shows the ScienceDirect interface for an article. At the top, there is a navigation bar with 'ScienceDirect' logo, 'Journals & Books', a search icon, a question mark, a building icon, a hamburger menu, a 'S' logo, and a link 'You have institutional access'. Below this is a secondary bar with a 'Download PDF' button (highlighted with a red box), a 'PIRKA sa L med SFX' logo, and a link 'Access through another institution'. The main content area features the 'Journal of Thoracic Oncology' logo and title, with the text 'Available online 10 February 2023' and 'In Press, Journal Pre-proof'. The article title is 'IASLC lung cancer staging project: the new database to inform revisions in the ninth edition of the TNM classification of lung cancer'. The authors listed are Hisao Asamura MD, Katherine K. Nishimura PhD, MPH, Dorothy J. Giroux MS, Kari Chansky MS, Antje Hoering PhD, Valerie Rusch MD, and Ramon Rami-Porta MD. A 'Show more' link is visible below the authors. At the bottom, there are links for '+ Add to Mendeley', 'Share', and 'Cite', along with a 'FEEDBACK' button.
